

1
2 **Mail Box Standards for Whispering Ridge**
3 **Whispering Ridge HOA Architectural Committee**
4 **Revised October 10, 2007**
5

6 The following guidelines have been set for mailboxes & Posts:
7

- 8 • Mailboxes and posts must be maintained in good condition.
- 9
- 10 • The design of the mailbox & post shall be consistent with styles currently found within
11 the Whispering Ridge community.
- 12
- 13 • All mailboxes must meet U.S Postal Service Customer Mail Receptacle requirements..
- 14
- 15 • Two mailboxes mounted on a single post that is shared by adjoining property owners is
16 the standard. These mailboxes must match each other in color, size and style.
- 17
- 18 • Two mailboxes sharing a single post may not be replaced with two individual posts.
- 19
- 20 • Individual mailboxes, originally placed in areas with large frontages, steep slopes or
21 streets with odd numbers of lots, may be continued. Individual mailboxes may not be
22 placed side by side.
- 23
- 24 • All posts shall be constructed of 4x4 lumber (or equivalent aluminum), extend at least 4
25 feet above ground, with mailbox support cross-arms approximately 3 feet above grade.
- 26 • The post assembly shall be white, off-white, brown or a color that coordinates with the
27 mailbox and the houses(s) involved
- 28
- 29 • Unless the mailbox/post is on the approved list below, the Architectural Committee will
30 review each application for a mailbox and post on a case-by-case basis. An architectural
31 improvement form must be submitted prior to installation of a different style or color of
32 mailbox/post.
- 33
- 34

35 **APPROVED MAILBOXES & POSTS THAT MAY BE INSTALLED WITHOUT PRIOR**
36 **ARCHITECTURAL COMMITTEE REVIEW** (Sample Photos Attached)
37

- 38 • Standard black rural mailbox (locking or non-locking) with painted wood post consistent
39 with traditional Whispering Ridge Cross bar designs. Plans for traditional posts are
40 available on request.
- 41
- 42 • Standard black rural mailbox with painted wood post that includes street address
43 numbers in the style predominating throughout Spruce Grove & adjacent streets.
- 44
- 45 • Rust-proof aluminum mailbox (locking or non-locking) of the “Keystone Series” by
46 Gaines Manufacturing with “Keystone Series” standard posts, or “Keystone Series
47 Deluxe” rust-proof aluminum posts of the cross bar design; or the “Coronado” mailbox
48 from Architectural Designs with Deluxe, cross bar style post. Approved mailbox colors
49 are: bronze, almond, charcoal, black & sand. Mailbox & post color must match.
